Tax Returns	•	

5.

You are requesting a retroactive effective date for total and permanent disability benefits. Therefore, enclose with this application complete copies of all federal income tax returns for the year before your Requested Effective Date through the present. These complete copies must include all schedules and related forms, such as W-2 forms. If you do not have copies of any of these forms or if you did not file a federal tax return for any of these years, you must request copies of your tax returns or verification of non-filing from the IRS using Form 4506 (copy attached). Since you are requesting retroactive total and permanent disability benefits, your application will not be complete and will not be considered by the Plan until the Plan Office receives all of these federal income tax returns. Please note that tax returns for this and later periods may be requested periodically by the Retirement Board.

Social Security Earnings Statement

If your Requested Effective Date is more than one year prior to the date of this application, you must enclose (or forward later to the Plan Office) a current copy of your detailed Social Security earnings history. Use Form SSA-7050 (copy attached) to request this detailed earnings history.

Medical and Hospital Records

Enclose, with this application, complete copies of all medical and hospital records for all years for which benefits are claimed. You may get a copy of these records by asking your providers (that is, physicians, hospitals, etc. that have treated you) for your records.
